Dear Parent:

Your freshman student is invited to participate in the Freshman Impact: Caught in the Moment program being offered through Hanson High School in cooperation with local law enforcement/ fire/medical departments. The Freshman Impact®: Caught in the Moment is a one-day alcohol and drug prevention program. Your student will have the opportunity through hands-on activities, demonstrations and presentations to gain accurate information and develop skills in dealing with negative peer pressure, bullying and other teenage issues. This year's topics include: Drugs & Alcohol on the Brain, Teen Mental Health, Healthy Relationships, Seatbelt Safety & Internet Safety/Cyberbullying to name a few.

The 2021 Fall **Cornbelt Freshman Impact program®** will be at the **Hanson High School, 230 6th Street SW, Alexandria SD on Tuesday, September 21, 2021.** Attached is a release and waiver of liability form your student is required to have signed by parent/legal guardian in order to participate in the Freshman Impact®: Caught in the Moment program. Please return the completed release to your school office no later than **Friday, September 17th, 2021.** Any student not returning a signed release will not be allowed to attend the program. Students without a signed release will be required to attend their regular classes that day.

Students will be bussed to/from the program by your school. Lunch will be provided for students and volunteers. We appreciate your support and encourage you to attend the program to support your student in living an alcohol- and drug-free life and making healthy decisions while driving a vehicle.

If you have any questions regarding the Freshman Impact® program, you may contact us at the phone number below or Yolanda Price (605-239-4387) Don Huber (605-999-5839) C.O.R.E.'S Local Coordinators.

Students should dress appropriately for the weather. There are outside activities.

Sincerely,

Executive Director

Straight from those who have attended a Cornbelt Freshman Impact Program

I really enjoyed this. It was fun but also it was a teaching moment....

We got to drive the ATV around (wearing drunk goggles) that was showing us how driving under the influence could really change our lives and lives of everybody close to us.

When they did the act at the end with the collision and some people died, some people got carried by helicopter and some people got carried in body bags....

It really makes you think and it really makes you realize that this is what your gonna go through if you decide to make these decisions....

I took D.A.R.E classes in 6th grade but this experience made more of an impact in one day than the entire year of D.A.R.E

It really made me think about choices and the people around me... Freshman Impact: Caught in the Moment
